Joshua and Brian

With how 365 has been poorly handling the travels, at the booking and the logistics, with poor communication (as we speak I still do not have a return flight for tomorrow talk in Phoenix)

I shut down my clinic for the whole day (speaking of loss this week between the St Georges and the phoenix talk) , I had to pay someone else to cover my clinic tomorrow, for me to struggle to find out I do not have a return flight tomorrow from Phoenix

I have been speaking for more than 14 companies in the last 4 years, and I have never been shoved around like this

It is unacceptable

I will have to suspend all my speaking engagements for INSYS
